

# **An Approach to Electromagnetic Spectrum Evaluation and Control for Situational Awareness**

**4<sup>th</sup> Biennial Conference**

**Presented by K Olivier  
Co-Authored by C Cloete  
Date 10 October 2012**

# Electromagnetic Spectrum (EMS) Overview

# Electromagnetic Spectrum (EMS) Overview

# Electromagnetic Spectrum (EMS) – RF Band Only

# RF Spectrum Allocation Chart

**U.S. DEPARTMENT OF COMMERCE**  
 National Telecommunications and Information Administration  
 Office of Spectrum Management

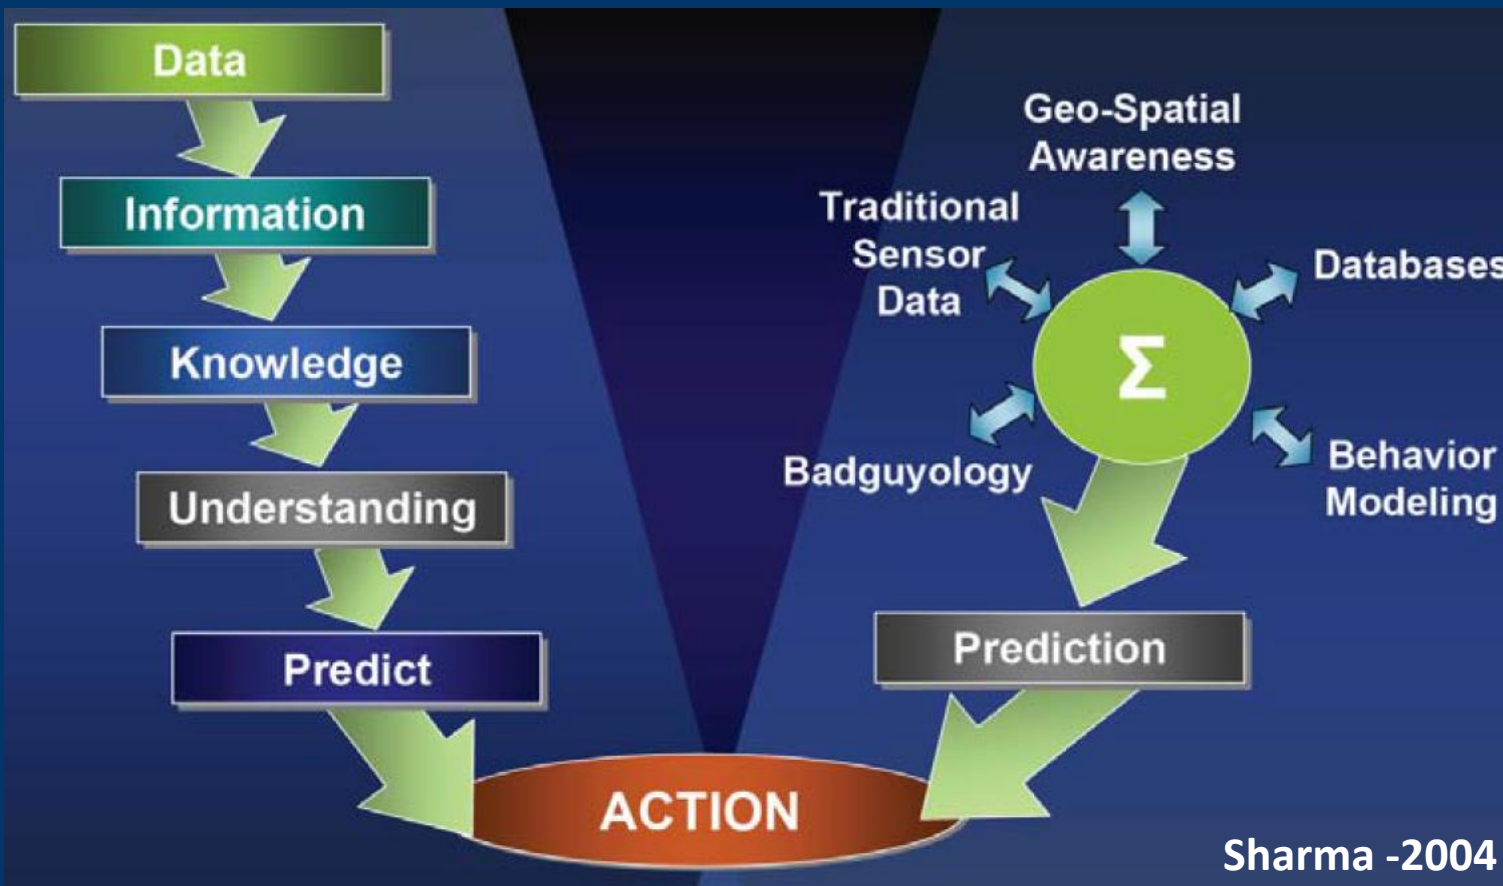

October 2003

# Situational Awareness

“The perception of elements in the environment within a volume of time and space, the comprehension of their meaning, and the projection of their status in the near future” - Endsley

# Electronic Warfare (EW) Concept

## Electronic Warfare (EW)

Any action that allow  
**Control of the  
Electromagnetic  
Spectrum**

## EW Support (ES)

- **search for**
- **intercept**
- **identify**
- **locate sources of intentional and un-intentional radiated electromagnetic energy**

# Electronic Warfare (EW) Concept

## Electronic Warfare (EW)

Any action that allow  
**Control of the  
Electromagnetic  
Spectrum**

### Electronic Attack (EA)

#### Attack:

- **personnel**
- **facilities**
- **equipment**

### EW Support (ES)

- **search for**
- **intercept**
- **Identify**
- **locate sources of intentional and un-intentional radiated electromagnetic energy**

# Electronic Warfare (EW) Concept

## Electronic Warfare (EW)

Any action that allow  
**Control of the  
Electromagnetic  
Spectrum**

### Electronic Attack (EA)

**Attack:**

- personnel
- facilities
- equipment

### Electronic Protection (EP)

**Protect:**

- personnel
- facilities
- Equipment

### EW Support (ES)

- search for
- intercept
- Identify
- locate sources of intentional and un-intentional radiated electromagnetic energy

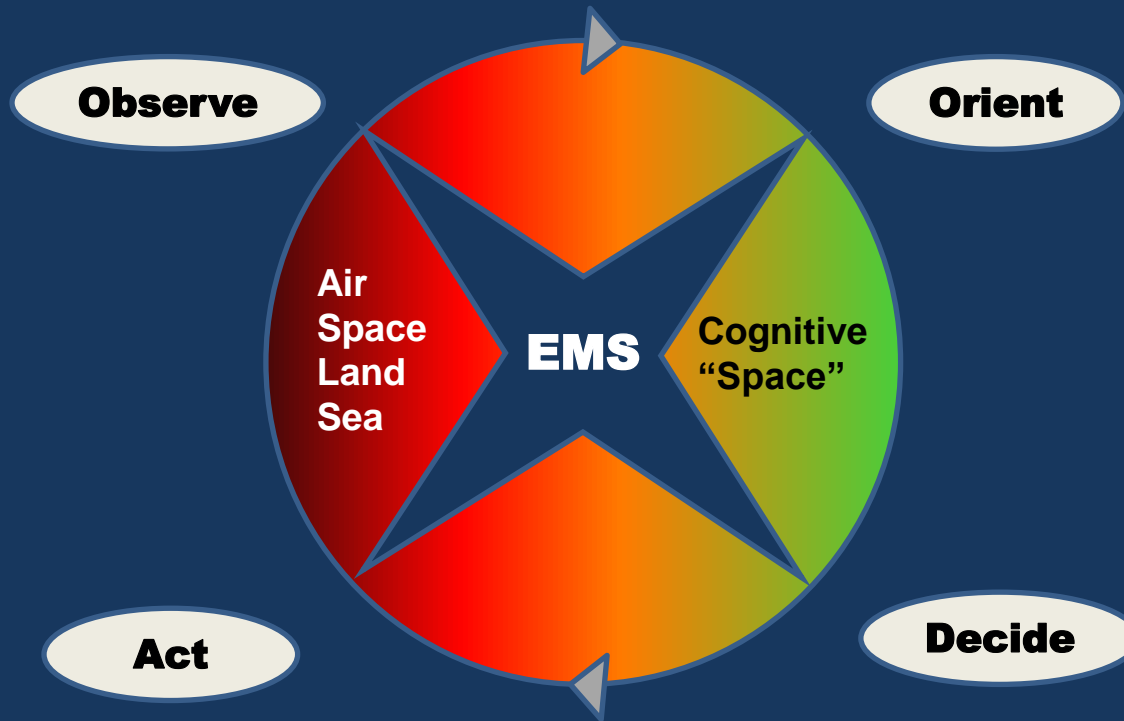

“An Approach to Electromagnetic Spectrum Evaluation and Control for Situational Awareness”

# Goal of Talk

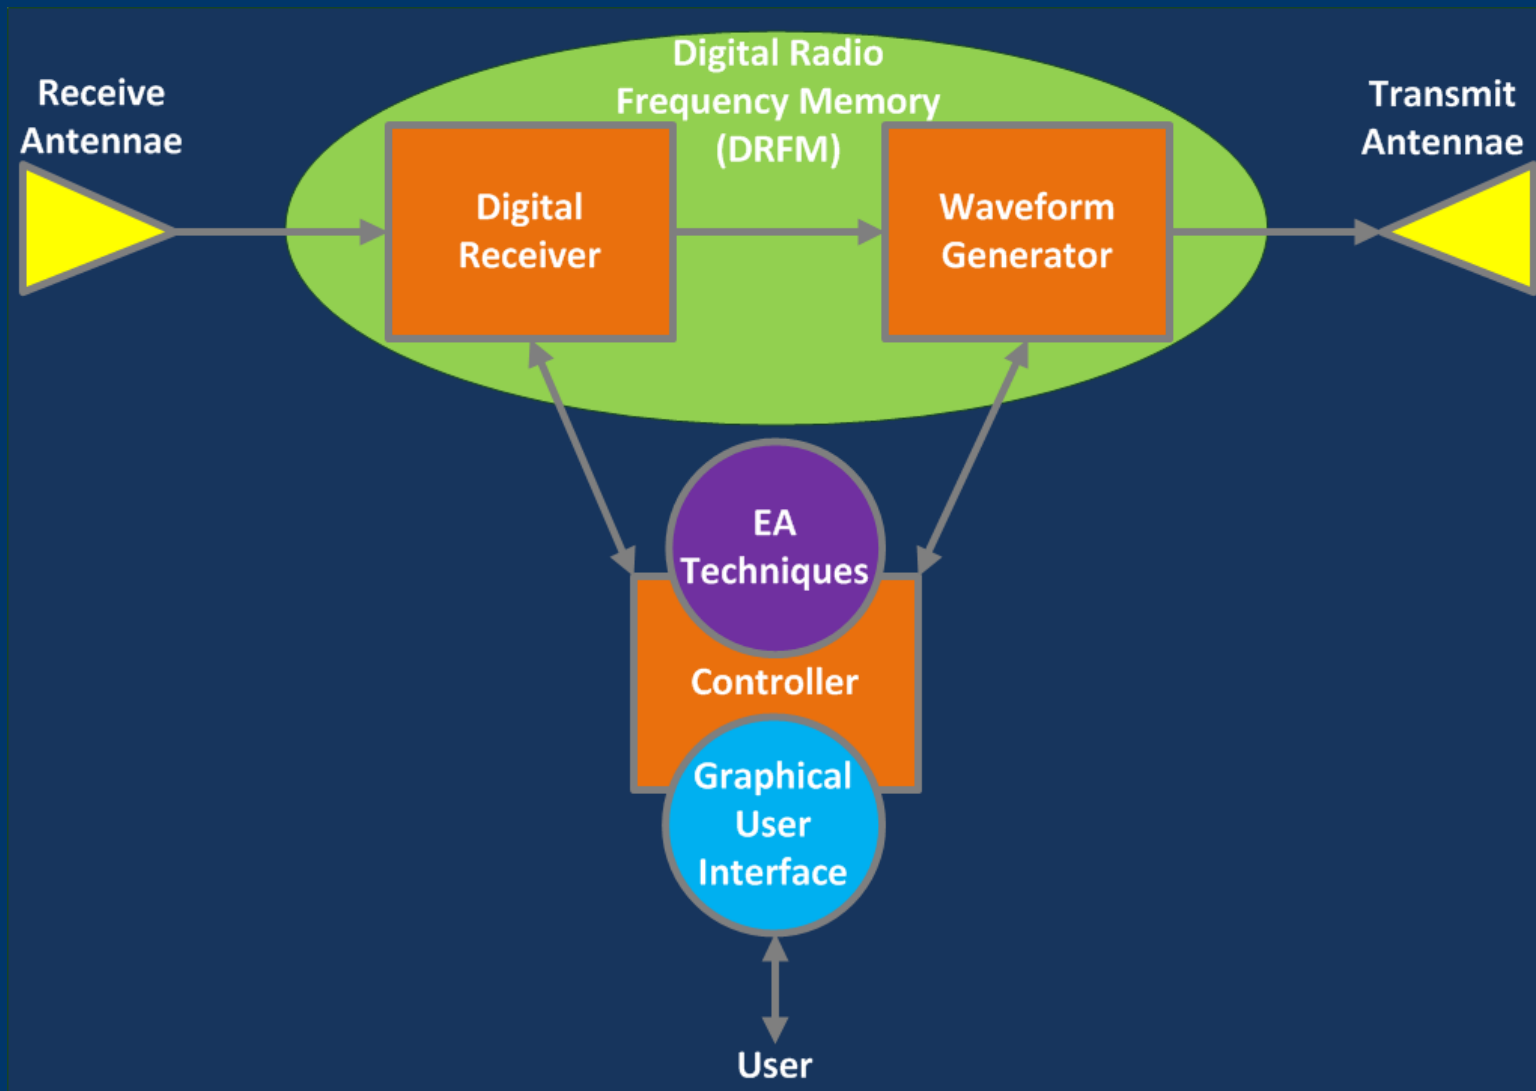

**Sensors**

**Situational Awareness**

OODA Loop – John Boyd

# CSIR Developed EW Research and Evaluation Facility

# DRFM History at CSIR

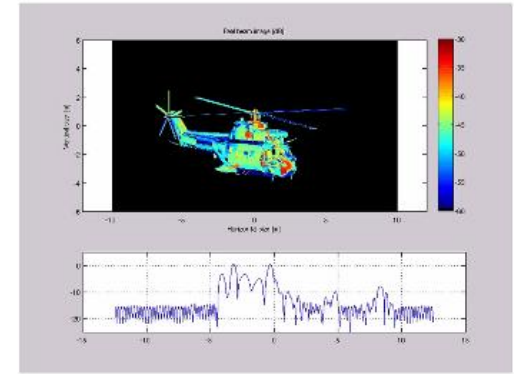

## Digital Radio Frequency Memory History

199x

1999

2004

2007

2009

2010

2012

### DRFM Technology Development Projects

1st Gen

2nd Gen

3rd Gen

4th Gen

Complex  
targets

Clutter

5th Gen

IBW:

400 MHz

500 MHz

800 MHz

2 GHz

# User Benefits

- Support Smart Buyer and Doctrine Development
  - CSIR provides EW related advise to the SANDF
  - CSIR provides inputs for Doctrine development by the SANDF
- Operational Support
  - EW Facility can be used for Situational Awareness
  - CSIR performs the actual evaluations
  - Examples of major platform support includes:
    - SAAF – Gripen Radar
    - SA Navy – Frigates Radars

# User Benefits

- CSIR Industry Collaboration
  - Communications EW
    - Peralex
    - GEW Technologies
  - Radar evaluation
    - Reutech Radar Systems
  - Missile sensor technology
    - Denel Dynamics
- SANDF Exercises and Operations
  - CSIR is involved in regular scheduled EW camps – Force preparation
  - Operation Corona

# Conclusion

- ES role is crucial to establishment of Situational Awareness
- Adversary changes approach regularly
- CSIR aims to enhance the survivability of platforms and personnel

# Thank you
